- Penrith City Council has prepared an Addendum REF for the Dunheved Road Upgrade which proposes minor design changes to footpaths, planting of native shrubs and grasses and the acoustic barrier at the intersection of Richmond Road.

The Addendum REF also proposes minor design modifications to a high voltage and transmission underground line, an access track, scour protection, stormwater drainage pits and a driveway.

The proposed modifications will improve safety, amenity and connectivity and reduce potential operational noise impacts for surrounding residents.

The community is invited to provide feedback on these minor design changes by Monday 16 December 2024. View the Addendum REF and find out how to provide feedback at yoursaypenrith.com.au/dunhevedroadupgrade

The project is funded through the Australian Government's Infrastructure Investment Program.
- Is your pool summer ready? As the weather heats up, we would like to remind Penrith residents to check the safety of their backyard swimming pools. It's easy to check whether your pool is safe for you and any children by making sure that there is an effective child resistant barrier, pool gates and latches are in working order, and gates are never propped open.

For more information, visit penrith.city/pools or contact Council's Swimming Pool team on 4732 7864.
- Council's Civic Centre, St Marys Service Desk, and Library branches will be operating with shortened hours on Friday 20 December. Library branches will be operating on shortened hours on Tuesday 24 December before all branches and offices close for the Christmas and New Year break. Library branches and offices will reopen Thursday 2 January 2024 under normal operating hours. The eLibrary and Online Services Portal will be accessible during the closure period.
