Council Briefs

- Penrith City Council is inviting the community to share their feedback on key plans and projects which will shape the future of the St Marys Town Centre.

Draft St Marys Town Centre Master Plan: is the next step in Council's planning pathway to guide development of the Town Centre over the next 20 years. It maps out how Council will achieve its long-term vision for St Marys across key areas like infrastructure, housing, employment, open space and transport.

St Marys Central Park Project is an integral part of Council and the community's shared vision for a vibrant and modern St Marys Town Centre. Key features of the design concept include an entertainment area, new children's playspace including water play, lawn area, trees, pathways, and lighting. The community can also choose their three favourite names for the park.
